Factory 1/10 Trehitt Court, Dromana, VIC 3936

SERVICE INFORMATION FOR BEST PERFORMANCE TO PROLONG AND PROTECT YOUR INVESTMENT

I/We: _____

Of: _____

Address of Installation: _____

HEREBY AGREE TO: Only allow Worm Farm Waste Systems Pty Ltd service technician, or a person approved by Worm Farm Waste Systems Pty Ltd to service and maintain the A&A Worm Farm Waste System at the above address for the life of the system and that in the event the property changes hands I/we will inform the new owners of the 10 year warranty obligation attached to the system.

I/We agree to pay the current service fee and any component parts required outside the warranty agreement within 7 days of receiving the invoice. This will ensure the system is maintained in best working order and compliant with authorities.

I/We agree to allow the Worm Farm Waste System Pty Ltd or approved Worm Farm Waste Systems Pty Ltd technician, suitable and uninterrupted access to the A&A Worm Farm Waste System for the purposes of maintenance or service.

The following system components are checked at the time of service.

- Worm activity is present and inputs are suitable.
- The pump(s), float switches and alarm(s) are working correctly.
- The system is fly and vermin proof.
- Mains power is connected and free of weeds and long grass.
- The effluent dispersal area is working as designed.
- Pits, inline filters and other external components are accessible and functioning.
- General area is kept clean and clear of obstructions.

System servicing is recommended within the first year of connection and then every 2-5 years if required. Please sign and return by post or email to enquiries@wormfarm.com.au within 30 days of your installation.
